

# LVHack 2013 Sponsor Kit

This year's Hackathon will April 5th-7th at Northampton Community College's Southside Campus, with access to the FabLab. We're expecting a good mix of software and hardware projects, reflecting the unique history of the Lehigh Valley.

Last year's hackathon was the first of its kind in the Lehigh Valley, and its success paved the way for a Startup Weekend in the fall.

We believe this event is an important investment in building the tech community in the Lehigh Valley, and - with the added focus on physical projects this year - hope to raise the bar again.

Please take this opportunity to review the following information and sponsorship levels. We encourage the attendance and participation of representatives from your organization to share and experience these 3 days. We promise to deliver a unique experience for all who participate.

## **Partner: \$5000 (Limit 1)**

- 10 Minute Keynote Friday
- Mention Sunday
- Headline All Materials
- 2 Tickets Full Event
- 2 Tickets for Friday Night
